

## Howe's That

Being a former player for The Howe Bulldogs, it was special to get to broadcast the game on Friday night. It wasn't my first Howe game to broadcast, however. Back in 2010, I did the Howe vs. New Boston playoff game on radio.

Thankfully, I was able to keep all of those 1989-1990 Howe Bulldog radio broadcasts of our playoff games from way back when. I have used some of those highlights in the opening segment. Back in those days, a man by the name of B.K. Lindsay did the play-by-play for KMKT-AM out of Denison. But the first year, in 1989, a man by the name of Commodore Wood did several of our games. Wood was a legend among the world of Denison Yellow Jacket fans. I worked 15 years in play-by-play for Sherman, Denison and McKinney and unfortunately never worked with Wood. But I do owe a lot to those who helped me get started. Guys like Bob Sullins, Lynn Burkhead and Chuck Kelly taught me a ton about what I do. A lot of what I heard from them, come out in what I say during these broadcasts.

## Bulldogs win season opener over Bonham

Stratton Carroll moments after scoring on a 55 yard run Friday night

The Howe Bulldogs changed philosophies on offense this year partly because Head Coach Zack Hudson wanted to control the tempo of the game more by running the football. Usually a 14-0 win doesn't indicate a dominating performance, however, it was just that for the Howe Bulldogs as Howe has won on opening night for the seventh time in the last eight years.

Bonham's running back Kenton Manis started strong on the

## City streets get special attention

### Farmington Road completely resurfaced

The City of Howe recently spent \$27,994.50 to have Farmington Road completely overhauled. Also \$1,927 was spent on shaping up Beatrice and Aubrey Streets which are major arteries for Howe Elementary and Middle Schools.

A private contractor recently reworked the intersection of Ricketts and Mayo and the intersection of Timber Creek and Pioneer Valley. The total for that project was \$14,284. The total amount for all repairs to local streets was \$44,205.50.

opening possession of the season, but the Bulldogs held check. The opening drive of the season started off with a false start by Howe, but that was the only flaw in what was about to take place. Howe methodically marched down the field taking nearly the entire first quarter and with 2:25 left and facing a fourth and goal situation, Howe elected to go for it instead of opting for the 18 yard field goal. The coaching staff called Anthony Hawthorne's number and he followed right behind the right guard Keifer Rodgers and took it over from the one yard line. At the end of the 1st quarter, Howe led 7-0.

On the very next Howe possession, slot back Statton Carroll got a seal block from Matt Griffin and took it 55 yards to pay dirt to up the Bulldogs advantage to 14-0. Freshman kicker Brice Honaker booted both PAT's through the uprights for his first two points of his long

envisioned varsity kicking career in Howe. As good as the new slot-T offense was, the Howe defense was just as impressive. Bonham rotated quarterbacks frequently with junior Kyle Copeland, the tall passing quarterback and sophomore Austin Simmerman, the short fast slashing running quarterback. Neither were successful on the night as the Bulldogs played a stingy front. Levi Mrozinski recovered a fumble and that set up a great opportunity for the 'Dogs, but Bonham stripped the ball from DaltonFelder and regained control.

With 6:51 on the second quarter clock, both teams exited the field as the officials called a 30 minute lightning delay with large bolts landing just north of Warrior Stadium.

Upon returning to action, Howe held Bonham

on a 4th down pass when Copeland tried to hit Corey Smallwood on a fade route.

Howe went in to control-mode from there and ate up much of the clock in the second half. Anthony Hawthorne broke one for 48 yards, but was caught when he had to cut back.

Tyler Grisham intercepted a Smallwood pass to close out any chances that the Warriors would have.

Anthony Hawthorne finished with 134 yards on 24 carries, while Grisham totaled an even 100 yards on 16 carries. Stratton Carroll added 84 yards on 7 carries. Joaquin Lopez attempted two passes and completing one of them to Tyler Grisham for nine yards.

### 5th and 6th grade Bulldogs lose

6th grader Cam Bell tries to escape from a Collisville Pirate

Howe just couldn't get much going in the sweltering heat on Saturday afternoon. Collisville left out to a quick start with a 6-0 lead in the first few minutes and added two more scores on long runs before half to bring the score to 18-0 at the intermission.

The Bulldogs rallied and played much better defense in the second half by only allowing one more touchdown. The final was 24-0 Collisville over Howe.

Howe will travel to Blue Ridge next Saturday and play the S&S Rams at 9 a.m.

### 3rd and 4th grade Bulldogs keep rolling

Tate Harvey gets plenty of help from his lead blockers

The 3rd and 4th grade Bulldogs made it 12 straight wins with their 14-0 win over Blue Ridge Saturday afternoon in Tom Bean.

the season, assistant coach Thomas Troxtell will once again be buying ice cream for the entire team.

Carson Daniels punched through in the first quarter and also carried over the two-point conversion.

Howe sits on top of the standings in the Red River Youth League with a 2-0 record. Howe has scored 36 points and has yet to give up a point on defense.

In the second quarter, Jacob Campbell scrambled from his quarterback position around the left side for a long touchdown run.

Next Saturday, Howe will play Collisville in Leonard at noon. Collisville is 1-1 in league play. by beating Whitewright 38-28.

With the second straight shutout of

## SERVING HOWE FOR 15 YEARS

[HOWEFAMILYDENTISTRY.COM](http://HOWEFAMILYDENTISTRY.COM)

## Grant approved to preserve Howe historical newspapers

Back in Volume 52, Edition 9, page 11 of *The Howe Enterprise*, a story was published about the historical newspapers that were found in the First Christian Church. The newspapers date back to 1938 and are *The Howe Messenger* and *The Howe Enterprise* newspapers.

In these pages are a lot of the history of our city. Monte Walker submitted a grant application to Rescuing Texas History. On Friday, Walker learned that the grant was approved and the newspapers will be fully digitized and archived by scanning.

What this would mean for Howe is immeasurable from a historical perspective. Each edition would be scanned in its entirety and made public on The Portal to Texas History. The collection would be used in research for students, professors, historians and citizens. A person would have the ability to type in someone's name and it would show each publication that the name appeared in.

This collection was donated by the late Mr. and Mrs. N.D. Moses of Howe. They collected each edition for all of those years. The Howe Community Library houses the rest of the complete set which carries 1983 to the last printed edition in 2010. Walker will be working with Howe Community Librarian Becky Hogenson to find a grant to digitize their publications that are there.

Currently, The University of North Texas Digital Newspaper Program is scanning 1879 publications of *The Daily Banner* of Brenham, Texas.

This would affect the back page of current Howe Enterprise editions that have an old edition's front page. However, Librarian Becky Hogenson has stated that the 1983- 2010 editions will be available. Walker intends to pick 1989 and use a '25 years ago this week' during football season to commemorate the 1989 Howe Bulldogs championship season.

### Bulldogs *continued from Page #2*

The win made Hudson happy.

"I was pleased with certain aspects of the game. Hudson said. "I thought are kids played hard from the beginning to the end. They were not affected by the lightning delay which sometimes can change momentum. They had a good attitude going into the game and it carried over."

Upon asking what he learned about his team, Hudson said, "I found that our team is steady. We always answered the call on defense and did not allow mishaps or turnover's to change the way we play. It was the hardest played game overall since I have been here and I am looking forward to seeing more of them. We were able to see how our offense controls the clock which can frustrate opponents when they are

going to have trouble getting the ball in their hands. This allows us to predict big plays by the opponent because they get worried that they might not get another chance to score."

Hudson was impressed by the several freshman that were asked to play in their very first football game outside of 8th grade football.

"I thought our young players stepped up to the challenge and created good depth for our team which will help us later in the season. Our more experienced players came thought as expected and did not disappoint. Anthony Hawthorne proved that he is a great back in this system and the others around him (Grisham and Carroll) complement each other which allows our offense to be very successful." said Hudson.

### 1st and 2nd grade Bulldods win 12-0

*submitted by Mike Stephens*

The 1st and 2nd grade Bulldogs played their second game of the season against the S&S Rams in the confines of Ram Stadium on Saturday.

The Bulldogs Started their first series with Beau Stephens pitching the ball to Braden Ulmer for a 55 yard scamper to the end zone.

The Bulldogs young defensive line led by Aris Fox, Gage Carr, Charlie Turner and Eli Stoner held back the Rams attack as the Bulldogs held the Rams to only 8 points the entire game.

At the end of the 3rd quarter the Bulldogs found themselves down by 2 point and gambled on a 4th and 15 on their own 30 yard line as Beau connects with Braden for another long dash to the endzone

to take the lead.

Thanks to the Bulldog defensive play they were able to set up in the victory formation on the last series and run out the clock, and all the Rams and their fans could do is watch. This brings the Dogs record to 1 - 1 for the season.

FRIDAY NIGHT LIGHTS!

LIVE BROADCASTS OF EACH GAME RIGHT HERE!

# Faith

by Debbie Wallis

“That’s also how it is with people. The ones who stop doing evil and make themselves pure will become special. Their lives will become special. Their lives will be holy and pleasing to the Master and they will be able to do all things of good deeds,” 2 Tim.2: 21. God never gives you instructions that He hasn’t given you the ability to carry out. He will never set you up for failure.

Your spirit is what is connected to the Lord and desires to follow Him. There is a connection between what you think about and what you eventually do. Your soul is your mind, your will and your emotions. Your mind tells you what you think, but not necessarily what God thinks. Your will tells you what you want, but not necessarily what God wants. Your emotions tell you what you feel, not what God feels. Your mouth expresses what you think, feel and want. 1 Cor. 2:16 says that you have been given the mind of Christ and you hold the thoughts, feelings, and purposes of His heart. You have been given them but without crucifying your own thoughts your soul will prevent you from carrying them out. Your soul’s number one enemy is right under your nose...literally! It’s your tongue, your big mouth! Proverbs 18:20-21, “Make your words good-you will be glad you did. Words can bring death or life! Talk too much, and you will eat everything you say.” You have to be able to give God everything and that includes your mind, will and emotions (soul).

In James 3, the Bible compares our tongue to many things, a bit in a horse’s mouth, a rudder of a ship, and a spark that starts a

forest fire. God is very well balanced and desires for us to be. He wants you to live an obedient life. He wants you to have faith in Him. He wants you to release that faith by speaking words that agree with His Word. He wants you to pray and believe in the prayers. “For out of the fullness of our heart the mouth speaks,” Matthew 12:34. What your soul (mind, will and emotions) is full of is what eventually comes out your mouth. You can’t hide what you think about forever. First you think about it, then it spends time in your heart, then you believe it and act on it. That works for the good and the bad. “Finally, my friend, keep your minds on whatever is true, pure, right, holy, friendly, and proper. Don’t ever stop thinking about what is truly worthy of praise,” Phil 4:8. God wants you to agree with Him with your thoughts, and then His thoughts will become your thoughts, then His heart will be your heart and His plans will be your actions. John 14:15, “If you love Me, you will keep My commands.”

You are created in God’s image, and are supposed to act like Him. Your mouth expresses what is in your soul or your flesh. We draw on what we believe, what we have faith in. What do you think about? Does it agree with God’s thoughts? What do you talk about? Does it agree with God’s plan for you? God is looking for people who will think, talk, and walk His plans and purpose. God called Adam and Eve to obedience in the Garden of Eden and disobedience was the first sin. Disobedience is rebellion. Rebellion is putting your will above authority. Many Christian’s lives are in a mess because of disobedience. The good news is grace and lots of it. God is so good He gives us good instructions; He knows we need reminders and He is full of grace for second chances.

Today is a new day, rejoice and be glad in it!

If you do not have a Bible please let me know and I will provide you with one.

# Abbington Meadows *Continued from Page #1*

6,463 beds of student housing throughout the country. Together, they have over 40 years of residential development experience.

Sean Brady, spokesperson for Rea Ventures Group, says that the project has taken longer to unfold due to the water and sewer issues that they say were unforeseen.

"This will be a huge benefit to The City of Howe because it will allow for the water supply to be forwarded to the southwest part of the city, which in turn can be developed." said Brady.

Brady says that Howe hasn't been able to meet developers needs because of the lack of infrastructure. He says that Abbington Meadows will now allow for that because of the water that will be brought to that part of the city for the complex.

Abbington Meadows, like the other apartment complexes owned and operated by Rea Ventures Group will provide top rate and below market rate housing needs. 40% of the complex will have unrestricted market rate apartments (meaning top-end apartment living). That means the other 60% will be available for The Housing Choice Voucher Program Section 8.

The housing choice voucher program is the federal government's major program for assisting very low-income families, the elderly, and the disabled to afford decent,

safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments.

Eligibility for a housing voucher is determined by the PHA (public housing authority) based on the total annual gross income and family size and is limited to US citizens and specified categories of non-citizens who have eligible immigration status. In general, the family's income may not exceed 50% of the median income for the county or metropolitan area in which the family chooses to live. By law, a PHA must provide 75 percent of its voucher to applicants whose incomes do not exceed 30 percent of the area median income. Median income levels are published by HUD and vary by location.

The apartment complex will also be the first in Howe to have tax credit housing.

The Home and Low Incoming Tax Credits (LIHTC) program, which is based on Section 42 of the Internal Revenue Code, was enacted by Congress in 1986 to provide the private market with an incentive to invest in affordable rental housing. Federal housing tax credits are awarded to developers of qualified projects. Developers then sell these credits to investors to raise capital (or equity) for their projects, which

reduces the debt that the developer would otherwise have to borrow. Because the debt is lower, a tax credit property can in turn offer lower, more affordable rents.

Brady stated that the facility will be fully managed by Alpha-Barnes Realty Management, which he says is the best in the industry.

According to Alpha-Barnes, the Texas multi-family market changed in the 2000. An owner now incurs substantial expense renovating apartments and generating traffic. For this reason a management team must be proficient in converting traffic to leases, screening residents' credit worthiness and ability to pay, and implementing ongoing resident retention programs to reduce turnover. As part of their service, Alpha-Barnes prepares a detailed marketing plan tailored to each property's location, physical condition and targeted resident profile. In addition, their employees are given extensive

training in marketing and closing, and Alpha-Barnes considers their performance in these areas to be a major component in their evaluation.

Alpha-Barnes says that the difference between success and failure is leased apartments to qualified residents.

Rea Ventures Group was formed by William J. Rea, Jr., managing partner. He has completed over 3,460 units of multi-family housing in the tax credit programs in Georgia, Florida, Michigan, and Texas. Mr. Rea has served as developer and owner on all of these projects.

Mr. Rea started his career in 1979 in the real estate industry by developing single-family, detached homes. Rea has been an owner, developer and contractor of multi-family developments since 1985. As a result, Rea has become an acknowledged expert in many areas of the development of multi-family housing.

# Howe girl among finalists for Miss Hispanic Texoma

**Ana Laura Guerrero**      **Breea Mashay Barnett**      **Laura Noemi Rodriguez**      **Martha Noemi Cienfuegos**

**Melissa Alba**      **Naidelyn Ashley Mendoza**      **Lesley Nichole Rubio**

### 2014 Miss Hispanic Candidates for the Hispanic Heritage Council of Texoma

Breea Mashay Barnett, a junior at Howe High School is among seven finalist for Miss Hispanic Texoma.

Barnett is of Mexican heritage, and is quite the artist with painting being her favorite medium.

For years, ambitious young Latina women have raised thousands of dollars in the name of charity, and in the name of spirited competition as well, vying for the title of Miss Hispanic, honored yearly by the Hispanic Heritage Council of Texoma.

This year finds a panel of seven young ladies from across the area, each driven by ambition and brimming with pride of their culture, going for the title.

Nominated by peers in the Hispanic community, the girls

have taken part in several fund raisers across the area, such as car washes and bake sales, and each has been selling raffle tickets for a chance to win a John Deere riding mower and setup, along with a chance to win \$1,500 in furniture, or a romantic getaway on Lake Texoma.

The ladies take the fund raising seriously, as young men and women just like them will have their lives changed and their educational future set thanks to the Hispanic Heritage Scholarship Program.

For seven years, the local program has given out more than \$25,000 to graduating seniors from across Texoma. This year, the Hispanic Heritage Council has set the target of \$10,500 to be given to deserving students looking to continue their education.

The Hispanic Heritage Council started in 1997 with the express purpose to bring awareness to the growing Hispanic population and its culture, and they did so through a large celebration held annually in downtown Sherman. This celebration, held around the pinnacle date of Sept. 16 (historically significant for Latin American independence), has grown from a small cultural gathering into a community-wide celebration with as many as 10,000 people visiting the booths and taking in the sights and smells of the many food vendors, games, bands, and contests.

The crowning of Miss Hispanic is one of the highlights of the celebration. This year's event, the 8th annual Hispanic Heritage Festival, is slated for Saturday, Sept. 13, on the Municipal Building grounds in downtown Sherman. Organizers say there's still room for vendors to sign up and show off their wares or their best Latin American cuisine, and sponsorships for the event are still available, all with the goal of fund raising for scholarships in mind.

# Second Culvert Installation scheduled on FM 691 in Grayson County

Paris – Motorists who routinely travel on FM 691 between Theresa Lane and State Highway 91 in Grayson County may have to find an alternate route for about a week, beginning Sept. 16. Weather permitting, that is the date for Texana Land & Asphalt Inc. to begin work installing a second box culvert on this roadway.

The portion of FM 691 between Theresa Lane and State Highway 91 will close for about seven days so the contractor can perform this work. Texas Department of Transportation officials approved the culvert installation after meeting with the contractor on July 24 to discuss traffic safety and construction procedures.

During the closure, motorists can follow alternate routes set up on State Highway 91, Spur 503 and US Hwy. 75. TxDOT officials request that motorists traveling in this area pay special attention to traffic control devices and flaggers, and reduce their speed to fit road conditions.

For more information, call (903) 737-9213 or email [tim.mcalavy@txdot.gov](mailto:tim.mcalavy@txdot.gov).

# Lady Bulldogs beat Whitewright, Whitesboro and Denison

**Lady Bulldogs compete at a high level last week**

The Howe Lady Bulldogs Volleyball team beat Whitewright Tuesday night. The Howe girls lost the first game, 25-20, but rebounded to win the second, 25-23. Whitewright took the third game, 25-21, but Howe would win the next two 27-25, and 15-10 to capture the come-from-behind match win.

Stats: Digs: CC Counts 11, Hailey Hopper 12, Kayla Anderson 13, Tiffany Lallier 12, Tori Abner 16, Emily Sanders 5 Kills: Lallier 8, Anderson 10, Abner 2, Counts 1, Hopper 4, Emily Sanders 8, Daianara Nicholson 1 Aces: Lallier 1, Hopper 1 Assists: Counts 33, Abner 1.

In Thursday night's games, the girls defeated Whitesboro. The first

was won 25-23. Howe lost the second game 25-17, however fought back and won the third game 25-23 to win the match.

Stats: Kills: Kayla Anderson 10, Emily Sanders 6, Tiffany Lallier 7, Tori Abner 4  
Digs: Anderson 10, Sanders 5, Lallier 5, Abner 14, Hailey Hopper 4, CC Counts 16  
Aces: Sanders 1, Lallier 1, Hopper 1  
Assists: Anderson 1, Hopper 2, Counts 23  
Blocks: Anderson 4, Sanders 1, Lallier 1, Abner 3.

Later the same evening in the tournament, Howe took on Denison and won that match as well. Howe started off slowly by losing the first game 25-19 but won the next two games 25-17 and 25-22.

Stats: Kills: Kayla Anderson 4, Emily Sanders 1, Tiffany Lallier 7, Tori Abner 4, Hailey Hopper 2, CC Counts 2  
Digs: Anderson 7, Sanders 2, Lallier 3, Abner 7, Hopper 1, Counts 8  
Aces: Lallier 3  
Assists: Hopper 1, Counts 16  
Blocks: Anderson 7, Lallier 2, Abner 5.

The girls finally lost to Aubrey 25-12 and 25-11.

## Wind, Brass, and Percussion Musicians Sought

SHERMAN, TEXAS—With the countdown to the Austin College 2014 Fall Term nearing the single digits, another season for the College's concert band, the Austin College Wind Symphony, also is nearing. Director Robert Archer, adjunct instructor of music at Austin College, invites qualified brass, percussion, and wind musicians from the community, student body, and faculty to audition for membership. Openings are available in most sections.

The band will meet for its first rehearsal of the fall from 7 to 9 p.m. on Wednesday, September 3, in Craig Hall Room 114 on the Austin College campus, and will continue each Wednesday, 7 to 9 p.m., in Craig Hall. Potential new performers may contact Archer by email, [barcher@austincollege.edu](mailto:barcher@austincollege.edu), or call the Department of Music at 903. 813.2251 to speak with Katie Deeds, department assistant.

The Wind Symphony is a joint effort of Austin College, Grayson College, and community musicians. Band members include Grayson College and Austin College students—music majors and non-music majors, Austin College faculty, area high school band directors, and community

members. The band is open to those who have an instrumental background and wish to continue or renew their love of music, Archer said. The premiere ensemble for wind, brass, and percussion, the band performs twice each semester.

Austin College, a private national liberal arts college located north of Dallas in Sherman, Texas, has earned a reputation for excellence in academic preparation, international study, pre-professional foundations, leadership development, committed faculty, and hands-on, adventurous learning opportunities. One of 40 schools profiled in Loren Pope's influential book *Colleges That Change Lives*, Austin College boasts a welcoming community that embraces diversity and individuality, with more than 36 percent of students representing ethnic minorities. A residential student body of 1,250 students and a faculty of more than 100 allow a 12:1 student-faculty ratio and personalized attention. The College is related by covenant to the Presbyterian Church (USA) and cultivates an inclusive atmosphere that supports students' faith journeys regardless of religious tradition. Founded in 1849, the College is the oldest institution of higher education in Texas operating under original name and charter.

## Scholarship

Recent Howe graduate Jessie Akins has been named as a recipient of the newly founded Stanley Oakley Memorial Scholarship. This scholarship is provided by Mr. Oakley's family and administered through the Texoma Exposition and Livestock Show scholarship process.

Mr. Stanley Oakley was a lifetime director and a supporter of the TELS organization for many years. With his recent passing, Mrs. Oakley and Family have generously funded a scholarship to honor his legacy and to assist students in their educational pursuits. Students who have participated in the TELS events and apply for the TELS scholarship are also eligible for the Oakley Memorial Scholarship.

Oakley was born on July 16, 1925 in Lake Victor, Texas, the son of Jess Harvey Oakley and Dorothy Nell Jones Oakley. Stanley graduated Hico High School and joined the United States Navy serving in World War II. He was discharged as a seaman, first class. He later attended and graduated from Texas A&M Class of 1950 with a bachelors degree in horticulture. Stanley married Betty Cloud on March 16, 1952 in La Feria. He worked as a County Agricultural Extension Agent for 30 years and retired from there. Stanley was also a partner in the Oakley Tree Farm in Sherman.

He was a member of many community groups including the Sherman Kiwanis Club from 1967 to present and was president from 1975-1976, member and Board of Directors of the Sherman Chamber of Commerce, Lifetime member of the Texoma Exposition and Livestock Show, National County Agricultural Agents Association, Epsilon Sigma Phi, Texas Bluebird Society and North Park Baptist Church.

## Denison Travel Information Center Celebrates 20 years on Sept. 12

aDenison – Each year, millions of tourists visit the Lone Star State and generate billions in economic impact for local economies. Many receive their first “taste of Texas” at one of TxDOT’s 12 Travel Information Centers.

The Travel Information Center at Exit 74 on U.S. Hwy. 75 north of Denison will celebrate its 20th anniversary from 10:30 a.m. to 2 p.m. on Sept. 12 with a commemorative ceremony and open house. Area tourism partners will also be on hand to provide information and giveaways.

“Twenty years ago, the state of Texas decided to build this facility and members of the tourism community came together to celebrate it. We think the occasion is worth remembering,” said Robbie Dudley, supervisor at the Denison center. “Since this facility opened, it has become an iconic symbol and shining star that welcomes travelers from across the Red River into Texas.

It means a lot to this community, this Texoma region and to Texas.”

TxDOT’s Travel Information Centers continue a tradition dating back to 1936, when roadside welcome centers assisted travelers coming to Texas for the centennial at the state fair in Dallas. Today’s 12 travel information centers promote tourism to and within Texas, provide visitors with a vital rest stop, offer vending for snacks or beverages, and provide assistance from travel counselors. The centers and counselors create a positive first impression of Texas, help travelers choose travel routes, and provide detailed information on destinations, events and road conditions.

For more information on the 20th Anniversary of the Denison Travel Information Center, or other tourist inquiries, call (903) 463-2860.

## Bledsoe receives FFA scholarship

Seventy incoming college freshmen received four-year, \$18,000 college scholarships, totaling \$1.26 million, from the Houston Livestock Show and Rodeo during the Texas FFA Convention in Fort Worth, Texas, Wednesday, July 16.

Michaela Bledsoe a graduate of Howe High School is one of five students from area V to receive the scholarship.

# The Howe Enterprise

15¢

Vol. 14 No. 9

Published in Howe, Grayson County, Texas

Wednesday, Sept. 7, 1977

### A note...

Somehow we got a paper out last week and again this week without an editor here in Howe. Thank goodness we have an editor now who can spend a lot of time here in Howe and get all of the local news.

The new editor is Felicia Garvin. We hope all of you will be as pleased with her work as editor as we are in having her here. She is a very dedicated newspaperwoman and we believe she will produce a paper in which the city can be proud.

All of you have been so kind to us and we greatly appreciate the warm welcome extended to us by so many of you. We hope to get better acquainted with all of you as time goes by.

Pat and John Denney  
Publishers  
The Howe Enterprise

### From the Editor's Desk

As you may have noted, The Howe Enterprise has a new owner and a new look. Last week was the first week for the paper to be printed outside of the Enterprise office and also the beginning of a new ownership. By the time you read this issue, I should be moved in and ready to begin in my position with the newspaper.

I'm excited and looking forward to working with the residents of the Howe area. I'd like to encourage each of you to support your community and newspaper through response to me at the Enterprise office. I'd like to hear your responses to the paper whether good or bad. In the next few weeks I hope to get to know as many of the residents as possible and to find out the things you would like to see in the paper (or don't want to see).

I hope to be able to serve all of you in the capacity of editor but this will only be possible with your help. If you have any news, ideas for features, or anything that concerns the Howe community, please call or come by the Enterprise office. We will run pictures and or articles concerning the area including churches, schools, clubs, birthdays, anniversaries, society and sports. There is never a charge for publishing news items.

If you come by the office and no one is available, please slide the news item under the door until we acquire a mail box.

Now, about myself. I guess some of you are wondering who I am. At least I hope someone is wondering who the new face is.

I reside in Denison with my husband, Jim. I guess I have been interested in the newspaper business since I was in junior high school and as they say, the printer's ink just sort of gets into your blood.

I spent three years at the Denison Herald as a woman's news reporter and managed to cover an assortment of other activities during this time. Following this I decided to continue my education and returned to school, graduating from Grayson County College. While at GCC, I served as editor of the monthly college newspaper, The Graphic. I also attended the East Texas State University in Commerce, seeking a teaching certificate in journalism.

Please bear with me because until I get familiar with the area and residents, I will probably be away from the office a lot. In the meantime, please excuse the inconvenience.

I hope to have the support of the residents and merchants of the Howe area and together we can produce a well rounded newspaper.

### Dollar Saver Ads

All want-ads submitted for publication in The Enterprise now appear the same week in The Van Alstyne Leader.

Your want-ad works twice as hard for you now...at no extra cost...in The Enterprise.

In the end zone for the Bulldogs is Mark Harper scoring the third touchdown in Friday's 18-6 victory over Anna. Harper scored on a four yard run following a 29 yard run by Ken Helvey.

## Bulldogs win season opener Leonard here Friday night

By Terry Everett

The Howe Bulldogs took advantage of the running game to defeat last year's area class BI bi-district champs, the Anna Coyotes, 18-7.

The Bulldogs rushed for a total of 295 yards while the Coyotes accumulated 241 yards on the ground. Only eight yards were made on the lone completed pass during the game by the Coyotes.

"Break" was the name of the game Friday night as often happens in season opening games as the Bulldogs dominated them to pull the deciding victory of the contest. Howe took advantage of two big plays, a 49-yard TD run by defensive star Darrell Bowers and an 82-yard sprint by Ken Helvey.

seen sprinting down the field for an 82-yard touchdown.

So within a space of 45 seconds, Anna saw a 13-12 lead dissolve into an 18-7 deficit.

Howe's first score came on what may turn out to be the wildest play of the season. On a third and short situation in the first quarter of play, Anna attempted to go on a quick count to get a jump on Howe's defensive line, but there was a mix-up in the Coyotes offense and the ball was snapped straight up into the air. Bulldog defensive lineman was too quick

for Anna and caught the ball in midair and played the part of running back as he scampered 49 yards for the six points.

The point after kick failed and Howe led 6-0 for the six points.

The point after kick failed and Howe led 6-0 at the end of the opening quarter.

In the second period, Howe had their drive stalled a yard and a half away from the Coyotes goal, but Anna turned the ball right back over at their own 33.

From there it took Howe only two plays to score as Helvey moved the ball to the four on a sweep around the left end. Mark Harper then moved the ball in from the four to put the Bulldogs ahead 12-0, as the attempt for the two point conversion failed.

Anna got a break with 1:09 left in the first half when the Coyotes recovered a David Monk fumble at the Bulldog five.

CONTINUED ON PAGE 4.

Diving for extra yardage Friday night is Mark Harper. Also in the picture is Tod Corbin, #50, Jerry Taylor, #71, Glen Muse, #70, and Ken Helvey, #20.

## Judge Tribble not to seek another term

Grayson County Judge Les Tribble says he will not seek re-election to the job he has held for 16 years. His term expires on December 31, 1978.

"I have concluded that I should now announce my intention not to seek another term as County Judge," Judge Tribble said. "If I finish my present term I will have been Grayson County Judge for 16 years, having been elected to the last three terms without opposition. I am profoundly grateful to the people for this honor."

Judge Tribble made the announcement on Friday which was also his 44th wedding anniversary. His wife, Lottie Marie, was with him during the announcement.

"I've been thinking about retiring for a long time," the Judge said. "But now it is going to seem a little funny not having as much to do."

Judge Tribble was born in 1911 in the Ida community. He graduated from Sherman High School and Texas Tech. For more than twenty years, he was on the police force in Sherman and served as Chief of Police. Later, he was on the Sherman City Council for five years and then elected County Judge in 1963.

## Grayson tops in hay growing

Grayson County led the state in tons of hay produced in 1976. Agricultural Commissioner Reagann V. Brown re-

ported that Grayson County Farmers harvested some 36,700 tons of hay of all types, including sorghum. This accounted for 2.5 percent of the state's total production of 6,10,000 tons.

## CF Girls seek adult sponsors

Fall organization of Camp Fire Girls in Howe began last week with registration flyers being distributed at all grade levels in the elementary and middle schools.

Additional adults are needed to provide Camp Fire programming for approximately 100 girls in the Howe area. Last year there were seven active local groups involving approximately 82 girls.

Camp Fire, an agency of the Grayson County United Way, is dedicated to individual growth through group participation. For more information contact the Camp Fire area office at 892-2234 in the Sherman Municipal Building.

Donal Gilstrap, Lloyd Butts and Mrs. J.W. Ised represent Howe on the Camp Fire Council board.

## Webelos to hold Sept. 13 meeting

Curtis Simmons, leader and Mike Montgomery, assistant leader of the Webelos Scouts announce the first meeting to be held September 13, at 6:30 p.m. at the Methodist Church.

Future meetings will be held on the second and fourth Tuesdays from 6:30 to 7:30 p.m.

Webelos is open to boys at least 10 years of age or in the fifth grade.

## Howe Booster Club

The Howe Booster Club met at the High School Monday night and saw films of the 7th, 8th, JV and Varsity football games from last week.

Next week, the club will meet at 7 p.m. at the high school.

The Howe 7th grade team will play in Allen Thursday night and will not be filmed.

The 8th grade team and the JV team will play in Leonard Thursday. Leonard will be here Friday night to play the varsity.

Next Monday, the Booster club will see films of the 8th grade and JV games, and the Varsity game.

District 14-A			
Non-District Play			
	W-L	Pts.	Opp.
Van Alstyne	1-0	27	7
Howe	1-0	18	7
Sanger	1-0	27	6
Pottsboro	1-0	29	12
Celina	1-0	49	0
Aubrey	1-0	66	6
Pilot Point	1-0	55	6

## All District 14A teams win openers

District 14-A may turn out to have seven of the best football teams in the state.

All seven teams in the district won their opening games Friday night. The combined total scores was 271 points for District 14-A teams and 37 points for the opposition.

The most one-sided game was Aubrey's 66-0 win over Collinsville. Close behind were Pilot Point's 55-6 dubbing of Boyd and Celina's 49-0 win over Little Elm.

Van Alstyne, Howe, and Sanger held their opponents to one touchdown and the only foe of a District 14-A school to score twice was Coppell, in a losing effort against Pottsboro. The defending district champion, Pottsboro, had scored 22

points in the first half and another 7 in the third quarter before Coppell could score twice in the fourth quarter.

The team picked to win the district this year, Celina, was held to 14 points in the first half by Little Elm. Celina just wore Little Elm down and started scoring in the last half over the tired Little Elm team. Celina scored twice in the third quarter and three times in the fourth quarter.

Sanger took an AA Whitesboro and scored a touchdown in every period. Three long pass plays figured in Sanger scores Friday night. Collinsville, a District 9-B team, and winless last year, gave up 33 points in the first quarter to Aubrey and the game was out of reach from then on.

Van Alstyne stunned Leonard on the opening play of the game when Eric McKinney ran 61 yards for a touchdown.

Pilot Point held Boyd to 8 yards rushing while racking up 416 yards on the ground and 86 yards in the air while on the way to a 55 to 6 win.

The closest game of the night was played in Anna where the visitors from Howe won 18-7. At the half, Howe was leading 12-7. Both scores came on long runs. Anna threatened in the fourth quarter but the Howe defense stopped them. Howe went on to score late in the game and win, 18-7.

After the first week of play, District 14-A teams have a 7-0 record against non-district foes. District play will begin in two weeks.

## Kindergarten students tour downtown

The afternoon kindergarten class lines up on the sidewalk downtown preparing to take a field trip that included a stop at the post

Approximately 45 Howe kindergarten students toured the local Post Office and downtown area last week. J.L. Davis, postmaster, explained to the students how mail is routed through the Howe community.

The students were shown the various ways that mail is handled according to its destination and some children located their family's mail slot.

The group toured the downtown area accompanied by Mrs. Donna Wormbaker, teacher; Miss Kathie Cate and Mrs. Wanda Boyle, teacher aides; and Mrs. Vala Lankford, student's mother.

Future field trips planned for the students include a tour of the Sherman Public Library and police department.

In the post office, the youngsters get to see how mail in Howe is handled by Postmaster J.L. Davis.
