

Howe's That

The City of Howe will hold their monthly city council meeting tomorrow evening at 6 pm. The time has been changed to 6 pm instead of what used to be the customary 6:30 pm time.

Those of you that are readers of The Howe Enterprise know what the different colored boxes are that are being painted on the wall on Denny Street across from the post office. I would imagine that those that don't know find it a little less than appealing and frankly quite ugly. I assure you that when it's all said and done, it'll be something all of Howe can be proud of.

It is officially basketball season now for the Howe youth programs. Now that each Howe Youth Football team has been eliminated from the playoffs, the youngsters will now focus on the indoor hoop. The pom poms will be exchanged for high-top sneakers. Although, the 3rd and 4th grade football team will get to suit up together one last time on November 9, when they travel to Arlington to play at AT&T Stadium. They are raising money for the trip by selling raffle tickets for an iPad mini.

Fall Festival attendance way up from 2013

Jennifer Adkins tries the football throw

In one of Howe's oldest traditions, Howe's Fall Festival was held at the parking lot of Charles R. Thompson Gymnasium on Saturday evening.

Many people noticed that the attendance was up heavily from last year. Saturday was the 28th

consecutive year that the event was held on Roberts Street. Prior to that, the event was held in downtown Howe.

Kids young and old enjoyed everything from the pencil pull to the haunted house in the gymnasium.

Record breaking night for Howe in 48-12 win over Tom Bean

Photo by Michelle Carney

The Howe Bulldogs (3-4) not only got back in the win column by dominating Tom Bean on Friday night, but they did it in style with a record-setting performance.

Before Friday, no two Bulldog ball carriers had ever rushed for over 250 yards in the same game.

That changed when Anthony Hawthorne rushed for 292 yards and teammate Stratton Carroll tallied 266. The Bulldogs set a team rushing record with 589 yards.

Tom Bean's Daniel Jackson actually started the scoring barrage on Friday night

Howe Marching Band receives first division ranking

The Pride of Howe maintains First Division Ranking

The Howe Marching Band received First Division Ranking for the 31st time in 33 years dating back to the fall of 1981.

"That's pretty incredible," says Band Director Angie Liss. "We kind of take them for granted around here. People expect that, but it's not easy. When you think of everything that has to come together to happen to get that."

The competition was held in Princeton

Anthony Hawthorne rushed for 292 yards against Tom Bean on Friday

with a five yard touchdown that capped off the 51-yard drive that took Tom Bean 3:24 off of the initial clock. The Tomcats (2-5) tried a swinging gate two-point conversion, but the pass fell incomplete and Howe trailed 6-0 before touching the ball on offense.

Howe's first drive went 61 yards and took 2:16 off the clock when Dalton Felder scored from 8 yards out. Brice Honaker's PAT gave Howe the early lead 7-6 that they would not let go of the rest of the night.

Tom Bean turned the ball over on downs which gave Howe the ball at their own 47 yard line. Quarterback Joaquin Lopez scored his first touchdown of the season on an 8-yard run

with 11:54 remaining in the second quarter. Howe upped the lead to 14-7. At the 9:53 mark, Eason Ross would intercept a Payton Jones pass for the first of three times on the night. That gave Howe the ball at their own 32 yard line. Moments later, Hawthorne busted up the middle for 77 yards and his first of three touchdowns on the night. Howe led 21-6 with 9:09 left in the second quarter.

Tom Bean was unable to get much going offensively and punted back to the Bulldogs, which allowed Carroll to flee from 64 yards out and up the Bulldog lead to 28-8 with 7:47 still left before the half.

Another Tomcat punt gave Howe the ball at

their own 45 yard line, but a Hawthorne fumble would give Tom Bean the ball right back.

Tom Bean's Hunter Brook would capitalize on another Howe fumble at the Howe ten yard line and Brook's two-yard touchdown would cut the Howe lead to 28-12.

The 'Dogs nearly scored just before the half as Carroll came up two-yards short of the endzone as time expired.

Howe began the second half with the football and took 1:58 off the clock when Hawthorne carried it over from six-yards out. That upped the the Howe advantage to 34-12. After several penalties on the extra point attempt, Honaker missed what would have been a 30-yard PAT.

Carroll would add his second touchdown of the night on a 65-yarder that capped off a 72-yard drive which ended with 7:22 in the third quarter. Howe's lead bumped up to 41-12.

Ross' second interception of the game gave Howe the ball back, but Howe was forced to punt for the first time in the game. However, Ross came down with his third interception and Howe took advantage of that by turning in a 75-yard drive that was ended with a four-yard touchdown by Hawthorne, his third of the night. That ended the scoring at 48-12.

Hawthorne's 292 yards put him ear the top of single-game rushers in school history. In 2012, Garrette Griffin ran for 310 yards vs. Whitewright to set the mark. Previous to that, Nathaniels Falls' *Continued from Page #4*

JV Bulldogs rip Tom Bean, 40-16

Zach Braswell with his second touchdown of the evening.

Submitted by Stephen Braswell

The Howe Bulldog JV team got back on the winning track Thursday October 17 with a 40-16 victory over the Tom Bean Tomcats. The Bulldogs took the opening kickoff to their 31 yard line and started off their opening possession on a 69-yard drive which was capped off by a Zachariah Braswell touchdown run. Jaden Matthews scored the two-point conversion to put the Dogs up 8-0. After the kickoff, the Tomcats answered the Bulldog touchdown by driving 51 yards for a touchdown and two-point conversion which tied up the score at 8-8. After the Tomcat kickoff, the Bulldogs moved the ball down to the Tomcat 35 yard line as time expired in the first quarter with the score tied 8-8.

After the second quarter began, Braswell scored his second touchdown of the game on a 31-yard run off tackle. The two-point conversion was again scored by Matthews to put the Bulldogs in front 16-8. After a couple of defensive stands by the Bulldogs, they began a 56-yard drive which ended with Braswell scoring his third touchdown of the night from two-yards out. Winston Mosse ran in the two-point conversion to put the Bulldogs ahead 24-8 as the first half ended.

After the Tomcats received the second half kickoff, both teams

second half kickoff, both teams had a couple of four downs and out until midway through the third quarter when Braswell scored touchdown number four of the night on a 55-yard run through the right side of the line. Matthews ran in for the two-point conversion which made the score 32-8 with the Dogs on top. Following the Bulldog kickoff, Tom Bean started a 55-yard drive that ended with a one-yard dive for the touchdown and successfully completed the two-point conversion. The third quarter ended with Howe in the lead, 32-16.

The Bulldogs began the fourth quarter with a 69-yard drive that was finished off when Braswell scored his fifth touchdown of the night on a 45-yard run around the right side of the offensive line. The two point conversion was good when quarterback David Crees pitched out to Cade Courtney who crossed the goal line untouched. The touchdown and conversion put the Bulldogs on top for the final score of 40-16. In addition to his five touchdowns Braswell was also over the 200-yard rushing mark.

With the win the Bulldogs go to 5-2 on the season and will work on a new winning streak next Thursday October 23 with a 7:00 kickoff at home against the S&S Rams.

State Rep Larry Phillips on Prop 1

State Representative Larry Phillips said on Thursday that the much discussed Proposition 1 that's on the ballot on November 4 was critical for the future of Texas.

"It will provide much needed road funding for our growing population and our aging infrastructure," said Phillips. "It'll be about \$1.7 billion this year. We've got about a \$5 billion shortfall each year for our roads."

Prop 1 doesn't require a tax increase or a fee increase and won't be allowed for toll roads. The money will come from the robust oil and gas industry that are paying service taxes which most of it goes into the "Rainy Day Fund." This would take half of what would normally go

into the "Rainy Day Fund" and put it towards transportation.

"There's still going to be over \$8 billion in the "Rainy Day Fund" which only returns less than one percent interest," said Phillips. "It's not really a good thing for taxpayers to have their money sitting in a piggy bank. We need to have a enough money in there to protect in case of an economic emergency, but at the end of the day, we don't need so much sitting there; that doesn't make sense. Let's return it back to the citizens by building more roads and keeping us from having to find other funds for transportation. I'm all for it."

Phillips is Chairman of the House Committee on Transportation.

Bulldogs *Continued from Page #2*

Stratton Carroll scores on a 65-yard run

280 yards vs. Aubrey on October 24, 1997 was the school record. Clint Bray ran for 272 yards in a Bi-District playoff game vs. Royce City at Bulldog Stadium on November 17, 1989 which stood as the school record for seven years. Prior to that, Stephen Ogle's 259 yards in a loss to Caddo Mills on October 3, 1986 once stood as the high in recordbook.

The game Friday night was creepily somewhat of history repeating itself. On October 19, 1984, Howe played Tom Bean at Bulldog Stadium and set a school

rushing record with 553 yards. Also, Howe cornerback Ernie Willis intercepted three Tomcat passes in the 68-0 win that night.

With the win, Howe (3-4, 1-1) ends the four-game losing streak and will travel to S&S (3-4, 1-1). The Rams are coming off of a 31-6 loss to the Leonard Tigers on Friday night.

District 5-3A standings have Gunter and Leonard on top at 2-0 with Howe and S&S at 1-1. A win over S&S Friday would put Howe in prime position for a playoff berth for the first time since 2010.

1st and 2nd Bulldogs bow out of playoffs

submitted by Mike Stephens

On Saturday, the 1st and 2nd grade Howe Bulldogs traveled to Trenton to take on the Whitewright Tigers in the second round of the playoffs. The Bulldogs would get off to a rough start with a fumble on the first possession of the game turning the ball over to the Tigers. The 'Dogs would score their first touchdown late in the second quarter with a run up the middle by Braden Ulmer for 72-yards but the Tigers would lead the 'Dogs at the half.

The Howe defense played a good second half but the offense just couldn't get rolling with three fumbles on the day. The Bulldogs would lose to the Tigers 20-6 to end their playoff run and the chance to play in next weeks Super Bowl game. The Dogs end the season at 6-3 and 3rd place in the division.

3rd and 4th Bulldogs upset by Blue Ridge

Cooper Jones gets help from Tate Harvey and Landon Money

The talented 3rd and 4th grade Howe Bulldogs were their own worst enemy on Saturday afternoon in Trenton. Three second-half turnovers changed a 6-0 halftime lead to a 16-6 loss to Blue Ridge.

Howe scored on a drive that took most of the first half to take a 6-0 lead on a five-yard touchdown by Tate Harvey. The two-point conversion was unsuccessful.

Blue Ridge recovered an onside kick to start the second half and later recovered a fumble on the next kickoff. Howe, late in the game trying to make something happen, threw a lateral, which was dropped and recovered by the Tigers.

Howe will play at AT&T Stadium on November 9 to end the season.

SERVING HOWE FOR 15 YEARS

HOWEFAMILYDENTISTRY.COM

Pork bellies and high cotton

George Cavender with granddaughter Bethany Olinger

At one point in the early part of the previous century, cotton was king in the great State of Texas. Howe was no exception and large families populated the small rural Grayson County town in order to work the fields from sun up to sun down. George Cavender is one of the last Texas cotton-pickers left to tell the story.

Born on the Brooks farm, four miles west of Howe, off of Hall Cemetery Road, George Cavender was the youngest of eleven children to Lawrence and Minnie (Goldston) Cavender. He was born September 29, 1926. The family moved on the Brooks farm in 1908 as tenant farmers with three children. The final eight were born and raised on that farm.

"I've either lived on it, owned it or worked on it with the exception of three years," said Cavender. "I managed to buy it when the last of

the Brooks family died. That was in 1978."

Cavender owned the property until 2012 when he sold it to his nephew and his wife, Eric and Janice Akins.

The property contains a two-story house that was built in 1908 by the Brooks family, who moved from Iowa to Howe in 1877.

"Mr. Brooks came down and bought the farm early in that year and then brought his family down in October of 1877," said Cavender.

Cavender went to school in Dorchester, along with the rest of his siblings, but in 1942, during World War II, the Cavenders bought a home and moved to Van Alstyne and George would finish his junior and senior year in Van Alstyne High School and would end up graduating in the Class of 1944.

"That's where I met my wife (Frankie Cole)," said Cavender. "We graduated together and a year later we married."

During those war years, young men were headed to the military as soon as they graduated. Cavender was no exception. He joined the United States Merchant Marines for a year. While stationed in New Orleans, he mailed an engagement ring to Frankie. Upon the marriage, they moved into the house that Cavender was born in just down the hill a half of mile from the two-story that still stands today.

Moving back to Howe meant going back to work on the farm in which Cavender spent his childhood doing.

"Farming is completely different now than it was then," said Cavender. "Dad and mother raised us children on 155 acres cultivating the ground. Dad did that with horses and mules and later got a tractor in later years. He only used the tractor to break ground. He row-cropped with a team of mules. Ten acres a day was all he could plow with a team of one row. Everything was done with a hoe. There was no spraying anything. It was all just hand labor. Cotton was picked by hand; hoed by hand; corn was gathered by hand."

The corn would be gathered and

taken into Howe to the mealgrinder at Mr. Kelly's blacksmith shop (which was located on S. Hughes, behind the downtown apartments and facing the railroad tracks where "Hooten's Garage" is now on). Mr. Kelly would grind the corn for meal or make chops for chicken feed.

Cavender said that they would work sun up to sun down but the team of mules could only do so much in one day. They would put in ten hours a day, but have to stop and give the team a rest.

At the age of six in 1933, Cavender was introduced, by his older brother, to Ernest Strawn's cotton field just west of their farm.

"It was 100 degrees every day. It was a mile over to the fields. We'd walk over there to pick, walk home at lunch to get a bite to eat and then walk back and stay in the fields until 7," said Cavender.

Cavender spent every summer for 35 years in the cotton fields. In 1964, he got a cotton stripper, which made the job much easier. But in 1968, he stopped growing cotton along with most everyone else in Texas.

"All of the land owners wanted their fields worked in cotton. Especially in Van Alstyne where the Hynds and Taylors who

Faith

by Debbie Wallis

"I have loved you with an everlasting love. With unfailing love I have drawn you to Myself," Jeremiah 31:3. Despite your shortcomings, weaknesses, and mess ups, God loves you. God knows everything about you and He still loves you. Your love for yourself should mirror His love for you. This is critical because you need to believe you are worthy of having love. Legitimate, lasting self-worth can come only from God's love and knowing who you are as a new creation in Christ. If you keep thinking of yourself the way you used to be, that's exactly what you will continue to be. When you stay focused on God's promises, you realize that you have already been approved. That will change your actions to one who believes old things have passed away and the Kingdom of God is within you. The more you read God's promises for you the more you will see you are not an only child. You cannot feel terrific about yourself when you are holding on to un-forgiveness or judgmental thoughts towards others. We're all human, stuff happens...even bad stuff out of your control, move on. I'm not saying it is easy, I'm saying it's necessary and God will help you. Never let an old wound fester due to excessive attention. You cannot get anywhere taking one step backwards and one step forward. Looking back leads you back. Looking forward leads you forward.

Make forgiveness real and ongoing. Your spiritual, emotional, mental and even physical health depends on how

quick you forgive. "Stop being bitter, angry and mad at others. Don't yell at one another or curse each other or ever be rude. Instead, be kind and merciful, and forgive others, just as God forgave you because of Christ," Ephesians 4:31-32. Matthew 6:14 says IF we forgive others when they sin against us that God will forgive us when we sin. I need that so that makes me fast to forgive!

God has given you gifts and talents. As a child of God you have what it takes to be everything God created you to be. You're a super hero. You're a champ. You're a one-of-a-kind. If you were just like everyone else what would you have to offer the world? Don't compare yourself to others but become superior to your previous self. Honor God by constantly raising your standards. Refuse to have negative self-talk. "Make your words good-you will be glad you did. Words can bring death or life! Talk too much, and you will eat everything you say," Proverbs 18:20-21. The words you mutter to yourself have the power to encourage or discourage, to motivate or deflate, to generate joy or repel it. If you are negative talking to yourself, more than likely you are harsh and judgmental towards others. I can imagine Your Father in Heaven saying, "Be kind to each other, you are both my favorite!"

Anyone can be happy when circumstances are wonderful, but joy is different. Joy is proactive happiness; it's the learned capacity to display your faith ahead of time by a daily attitude of all is well. This should be a huge separation between Christians and the non-believers of this world. See your potential through God's promises. Faith believes in what hasn't happened. As followers of Jesus Christ we have the hope of

and Howe marched on Saturday at an invitational contest and didn't have their best performance. They had a regrouping and a pep-talk on Tuesday.

"On Wednesday, it was like a different band," said Liss. "It was great. They definitely had their best performance of the year."

The band performed their Friday night show called "Rewind" which features Led Zeppelin's Stairway to Heaven, The Beatles Lady Madonna and Aerosmith's Dream On.

There were three judges for the contest and most of the band stayed to watch the rest of the performers. Receiving a Class 3A first division ranking along with Howe were Van Alstyne, Whitesboro, and Farmersville.

Band President Leslie Rodriguez has been marching in the band since the 7th grade. Every other year is an advancement year, whereas, bands have the opportunity to advance to state and become state champions. However, her senior year falls in a non-advancement year where no state champions will be crowned.

"I'm not disappointed that it's not an advancement year," said Rodriguez. "I've had the chance to be in advancement years three times. It's kind of sad that it was my last contest ever, because I'm not going to do college band. It's still a lot of fun. It's less stressful I think. It's more fun even though advancement years get your adrenaline going with each accomplishment. I love that so much."

Cavender

continued from Page #6

owned all of the land around Van Alstyne. They had the oil mills and the gins and they wanted all of the land worked in cotton." said Cavender. "That supplied quite a few jobs."

Cotton was time consuming and needed the most attention at the same time as wheat harvesting. Wheat, milo and corn began to take over as king of crops in Texas because it was easier to grow.

"I saw one farmer growing cotton over in Pilot Point. There's no gin in the area. They were stripping it and putting it in these modules in the field. That's the only cotton I've seen grown in this area in several years." said Cavender. "Cotton grew better west of Dorchester. We're in a heavier blacklands area which is better for corn and grain."

Corn crops have always been a staple of this area, but local farmers began to grow milo. Then they switched from milo to wheat and now have gone full circle back to corn.

Back in the high cotton days in the area, Dorchester and Howe each had two gins. After hand-picking 1,300 pounds of cotton, it would produce a 500 pound bale of lint, which was the standard.

"About 350 pounds a day was the most that I could ever pick by hand." Cavender said. "At the age of 12, my dad paid us \$.60 per 100 (pounds) and the neighbor was going to pay us \$.65 per 100 so on a good day you could make nearly \$2 a day if you worked real hard."

In the fall, that was the only time the kids had money. With that money, they were expected to buy school supplies and school clothes. On two different occasions during The Depression, Dorchester adjusted the beginning of school around the cotton crops.

"We went to school for two weeks and then we were out of school for two weeks so everyone could get out and pick cotton." said Cavender.

The Lawrence Cavender family during the winter had four milk cows and sold cream. They also had chickens for meat and eggs.

"Buying groceries was much different than it is today. We would buy the flour, the meal and coffee. We canned vegetables in the summer. We only bought what we didn't have at home. It was altogether different."

Cavender got out of farming for

Austin College holds Issues Forum for November election

Shon Husband,
Libertarian

Jesse Gaines,
Democrat

Deon Starnes,
Republican

Austin College in Sherman held their first ever Issues Forum to discuss the upcoming gubernatorial elections as well as the importance of voting. Each speaker gave point-of-view perspectives from their respective parties for approximately ten minutes in length.

House Representative Larry Phillips introduced the parties with his speech of the importance of voting. He told the audience that voting straight ticket is not a great idea.

"Just because someone is in a party label doesn't mean that you know that they're going to do what you need them to do," said Phillips. "If you're involved, you can help shape the policies that they'll support."

This November, voters can cast their

ballots for Governor, Luitenant Governor, State Comptroler, State Railroad Commissioner, State Ag Commissioner, and State Land Commissioner. The State of Texas hasn't had this much turnover in over a decade and it's important for voters to cast their opinions.

"It's important who we get elected in those positions," said Phillips. "It's going to have an impact on our lives as citizens of Texas. They'll shape how we do things in the legislature."

The Libertarian Party was first represented by speaker Shon Husband, who is a Pentecostal Church Minister who has also coached varsity football and works as a region manager for Lykes Cartage.

Husband says that when the Republicans Party controlled the House, Senate and Presidency, that nothing improved. He says that it was exactly the same as when the Democratic Party controlled all three branches.

"The only thing that happened was the growth of government, increase in regulations, erosion of liberty, more wars, more taxation, more inflation and restrictions on religious freedoms," said Husband.

The Minister Husband preached on the protection of the constitution and the construction of The Bill of Rights. His views are that the two-party system is not what the founders intended for America from the outset.

"We see a system of more power being served to the federal government on a daily basis. Both parties yearn and clamor for more power," said Husband

Band

Continued from Page #9

Had this been an advancement year, Howe would be moving to the area round of competition. However, this was the last marching contest of the year.

"If this band were in an advancement year, we'd be trying to clean up some marching things, but sound-wise, we'd giving some people a run for their money." said Liss.

This will be an advancement year for spring concert season. The band will go to different contests and have recordings made on CD. The band will take it's best recording and submit it for the rankings process. The deadlines for the submission is June 1 and during the summer. The culmination process happens at Texas Band Masters in San Antonio with the State finalists. Bands advance from area rounds all the way to the finals just as the marching process, however, the performances are all digital.

The recordings will take place this February at various locations including The University of North Texas.

The strange part about the process is that if Howe won the Honor Band Award, they would be invited back to play a concert the following February without any of the graduated seniors from the prior award winning band performance.

Middle school and small 1A schools can enter without the expectation to perform. However, a school like Howe would be required to perform without those previous senior band members.

Now that the marching contest season is over in this non-advancement year, they are planning a special performance on Halloween night when Howe travels to Whitewright.

"We have some fun stuff and a surprise for everyone." said Liss.

"We will feature our color guard a little bit, feature our twirler a little bit and then we'll break it down."

Some members of the band have done the special performance before, but it's been several years and fans of The Pride of Howe will be thrilled with the performance.

"In a non-advancement year, we always pull out the fun stuff once the contest is over." said Liss.

Election Forum

Continued from Page #11

The Democratic Party was represented by Jesse Gaines, who has a Bachelor of Political Science from California State University and a law degree from the University of California, Hastings College of Law.

Gaines main stance was to raise the minimum wage for low income families that are not able to afford today's standard of living.

"Each of you students that work should be able to make a wage that actually helps pay for your books." said Gaines. "We should all be concerned about people making a decent wage. You cannot support a family of four making \$7.25 an hour."

called a new "poll tax" that was recently passed that requires voters to have proof of identification, such as state issued drivers licence or identification cards, passports and or birth certificates, which all require some form of payment in order to qualify to vote.

"Many of our lesser citizens that do not make that kind of money that those in this room are making or expected to make." said Gaines.

"This was put in to place to disenfranchise and to suppress the votes of persons who are from low-income, persons who are from minority groups, and persons who are expected to vote Democratic."

clock or got a regular pay check, but I got to do what I wanted.

Cavender also got in to hog farming and had 1,100 to 1,200 market hogs per year. From the time he was a kid, he always had hogs, but in 1966, he built the farrowing house on his property on Cavender Road. From 1966-1994, he would raise the pigs and feed them until market time.

"I liked to do it, but it was a lot of work." Cavender said. "It was a seven-day-a-week job. It worked in good with the farming because you could take care of the livestock on

the side of the crops and that would give you full employment. It didn't interfere with the crop work a lot."

While George Cavender lived his life in the fields, he and Frankie spent a lot of time at First United Methodist Church in Howe as well.

Next week, we'll continue our conversation with George Cavender about life in Howe, Van Alstyne and Sherman in the 1930's and 40's.

Continued next week

Howe bus hit by SUV

HPD Sergeant Michael Hill directs traffic after an SUV hit a bus

At approximately 7:30 a.m. on Thursday morning, a Howe ISD school bus was traveling east on Haning Street approaching the US 75 overpass. A silver SUV was stopped at the stop sign on N. Collins Frwy in front of the Valero service station. The driver of the school bus, stated that the silver SUV proceeded to travel through the intersection striking the bus on the driver's side about mid way down the bus. Due to a language barrier, it was unclear why the

driver of the silver SUV proceeded through the intersection.

Howe Police Sergeant Michael Hill stated that no injuries were reported by either driver or from any of the kids on the bus. The kids on the bus were transported to another bus and taken on to school. School officials were on scene when Police officers arrived."

Howe Police Department

POLICE BLOTTER

Oct 1 – At approximately 6:30 pm, Howe Police Department Officer Todd took a report of a Burglary of a Habitation in the 700 block of N. Denny Street. The resident reported that between September 30 and October 1, someone kicked open the back door of her residence and stole a television from inside.

Oct 3 – At approximately 1:30 am, HPD Officer Todd stopped a 51-year old Dallas man for a traffic violation on northbound Hwy 75. Officer Todd noticed an open beer in the lap of a 53-year old female passenger (also from Dallas) and a bundle of “Chore Boy” in the passenger floorboard. A search of the vehicle revealed two crack pipes. The driver was arrested for No Insurance and the woman was arrested for Possession of Drug Paraphernalia.

Oct 4 – HPD Officer Clark arrested a 47-year old McKinney man for DWI (3rd with open container, No Driver’s License, No Insurance). The man was stopped around 6:30 pm on southbound US Hwy 75 at Farmington Rd. After failing sobriety tests, the man was taken to a local hospital where he consented to a blood draw. He was then booked into the Grayson County Jail.

was arrested for PCS PG 1 < 1g.

Oct 5 – At approximately 6:00 pm, HPD Officer Clark arrested a 29-year old Howe man for an outstanding warrant for Terroristic Threat. The arrest occurred in the 700 block of N. Collins freeway.

Oct 7 – At approximately 11:00 pm, HPD Officer Todd arrested a 34-year old Howe resident for possessing prescription pills not belonging to him. The man was stopped for a traffic violation at Denny and Mayo Streets. After the officer noticed the man was extremely nervous, he obtained consent to search the man’s vehicle. Officer Todd recovered numerous Xanax pills. The suspect was arrested for PCS PG 3 < 28g.

Oct 12 – At approximately 3:30 am, HPD Officer Todd stopped a 45-year old man and 46-year old woman for a traffic violation in the 300 block of E. Young Street. Officer Todd obtained consent to search their vehicle and subsequently recovered less than a gram of Methamphetamine from inside the car. The 46 yr old woman claimed ownership of the drug and was arrested for PCS PG 1 < 1g.

Issues Forum

Continued from Page #12

Deon Starnes said that the Republican Party's limited government will bring unlimited opportunity.

"It's an impossibility for freedom and government intervention to meet." said Starnes. "The more freedoms you have, the more responsibility that you're going to have to take. For those that don't want to grow up and carry their own weight, this is a frightening prospect."

Starnes spoke of the limited resources all around that include federal budgets, state budgets, county budgets, city budgets and home budgets.

"You have to have economic freedom or there is no individual freedom." said Starnes. "It's great if minimum wage goes up to \$15 per hour, but the byproduct of that is that prices rise and people

don't buy products as much. If consumers don't buy products, the job is eliminated. Would you rather have some pay or no pay?"

Each representative was asked about their stances on hot political topics. Gaines and Starnes agreed that in their personal beliefs that legalizing or decriminalizing marijuana was not something they would support. While Husband said that he wouldn't preach to his congregation to do drugs, but he didn't think it was right for the government to make that proclamation.

Upon gun ownership rights, each of the three fully supported the 2nd Amendment. Husband, the Libertarian, took it a little further and proclaimed that it is not right to make citizens register to carry a firearm.

Upon the discussion of abortion, Gaines said that they support the 20-week policy and is against subjecting women from taking care of their own bodies. Starnes focused on the facilities and clinics and stated that the centers should be as standard as any surgical center for any outpatient clinic. Husband, while supporting every other liberty in every discussion became very clear about his stance on pro-life. He also gave several options to protect against such issue including abstinence.

The hour-long forum was a well attended and well facilitated event that informed young voters on many current issues and stances that are completely different from each other on some topics. November is a crucial time for Texas, which in return greatly affects the U.S.

Fall Festival Is Saturday

You are invited to a fun time for all ages.

WHAT: The PTA Fall Festival
WHERE: The high school parking lot

WHEN: Saturday, October 21, 1989

TIME: Food booths open at 5:30 p.m. The Festival begins at 6:00 p.m. and all activities end at 8:45 p.m.

**Howe's
that...**

I SEEM TO BE HAVING trouble with phone numbers this fall!!! Recently I printed the wrong number in an article. Then last Thursday I left the phone number off a classified ad. Boy, did I get a lot of calls asking me if I had the number (which I did). I now know that my classified ads are read and do work!

Here is how the ad should have read:

HOUSE FOR SALE in Howe. \$300 down, 3 bedroom, 1 bath, large lot. No qualifying required! Owner will finance. Only \$195 per month. 214-618-6700.

COMMUNITY PRIDE AND THE HOWE BULLDOGS - It is amazing what a little spirit, support and team work can do! It can help build libraries, schools, tracks, etc. And it can help a team give that extra effort that makes for a winning score.

Friday the 13th was a big day for community support and team work in Howe and it paid off with a victorious trip to the Celina football stadium.

A number of Howe boosters decorated their windows urging the football team toward a victory. Several "athletic boosters" even painted the streets - not red, but WHITE! Huge Bulldog paw prints along with the team's numbers decorated the pathway along King Street from Haning to the high school. Over by the entrance to the high school parking lot, in huge white letters, "Beat Celina" greeted the students. Black and white streamers decorated many posts in town and EVERY post in the 902 bridge area.

From the minute the Howe Bulldog football team entered the field, I could tell they were fired up and ready for the challenge. It was an exciting game and an exciting win. **HOWE BEAT CELINA, 28-12!!!**

It took team work from both the Bulldogs and the fans. Those who attended the game could tell you which team wanted that win more. The Bulldog fans were constantly encouraging those young men on the field and those young men were also encouraging each other as they worked together. The folks on the other side of the field were strangely quiet even when their team had the ball. (Maybe they were sure they had us beat and were looking too far ahead. Whatever the problem, they didn't give their team the support and encouragement as vigorously as we did on our side of the field.)

We will take the rest of the games this season one at a time and we plan to win each one. Sure we would like to win District, sure we want to go to the playoffs, and sure we can even dare to set our sites on State. But we know that each game is one that we must concentrate on. We can't win a game we're not in. But with our community spirit and pride and with a little teamwork, **THERE'S NO STOPPING HOWE NOW!!! Go Howe Bulldogs, All The Way!!!**

NOTE: When you put faith, hope and love together, you can raise positive kids in a negative world.

The PTA's annual Fall Festival is scheduled for this Saturday, Oct. 21, and should be a fun time for all. The food booths will open at 5:30 p.m. and will be serving hamburgers, french fries, sausage on a stick, red beans and cornbread and other goodies. For dessert you can visit the Elementary School Sweet Shop, or have Lions Club cotton candy, or FFA home-made ice cream. The PTA will be serving coffee and hot chocolate. This is a good way to serve supper, mom doesn't have to cook and the money earned goes to many good causes.

At 6 p.m. the game booths will open and there will be games and fun and prizes for all. The Juniors will be presenting their annual Show during the fall festival and everyone is invited to attend.

The money raised is used by the school organizations for their yearly activities and education supplies. The PTA urges the community to support the school by attending and we think you will find it a fun way to spend the evening with the family.

So don't forget to include us in your Saturday evening plans. In case of inclement weather, the fall festival may be rescheduled to Saturday, Oct. 28.

Howe Community Education will offer the following classes:

SWEATSHIRT PAINTING - CHRISTMAS PROJECT will be offered on Thursday, Nov. 9, 1989 from 7-10 in the Home Economics Room at the high school. Cost is \$5 plus supplies. For the list of supplies please call Mrs. Joy Stevens at 532-6352. The class will be limited to 10.

BEGINNING WORD PROCESSING will be offered for six weeks: Oct. 30, Nov. 6, 13, 20, 27, and Dec. 4 at 6 p.m.

Short Meeting Held By School Board

The Howe School Board met for 15 minutes Monday, Oct. 16, with vice president Glenn Fulton presiding. (Board president Alton Norman did not attend because he was involved in harvesting and knew the meeting would be short.)

Supt. Pete Simmons noted that the board usually does not meet in September, but since they met last month, there was no business to be conducted at this month's meeting.

The board did approve the minutes of the Sept. 25 meeting and the financial report. Simmons reported that he had attended a meeting in Austin designed especially for small schools. The topic of the meeting was the Gifted and Talented Program. He said that

Friday the 13th turned out lucky for the Howe Bulldogs and unlucky for the Celina Bobcats as the Bulldogs defeated the Bobcats, 28-12.

Friday night in Texas during the fall is full of excitement. Football stands across the state fill up early with fans, bands, drill teams, and students. Everyone is full of the energy it takes to win big ballgames. Well, that was the case in Celina Friday night, and then some.

The Dogs had been waiting a full year for this game and the wait was well worth it.

The Dogs improved their record to 3-3 for the season and 1-0 in district. "We played the kind of football we played in the first game of the season against Cooper," said Coach Jim Fryar.

Running back Clint Bray was the workhorse for the team carrying the ball 172 yards in 23 carries and making three touchdowns. He was able to gain this yardage because of the line play. David Bement, Scott Nass, Tony McLain, Thomas Troxell and James Neely opened up huge holes all night long.

Quarterback Jay Skipworth completed 10 of 22 passes for 149 yards including a 34-yard TD pass to Jerry Covington.

Community Ed. Classes

In Room 18 of Howe High School. Cost: \$30.

INTRODUCTION TO COMPUTERS will be offered for six weeks: Oct. 30, Nov. 6, 13, 20, 27, and Dec. 4 at 8 p.m. in Room 18 of Howe High School. Cost: \$30.

For further information call Mrs. Pat Stewart, Community Education Director, at 532-5222 (school) or 532-6773 (home).

Please call to register for class.

he had learned much valuable information which is applicable to small schools. Howe already has a Gifted and Talented Program in operation from K-4 and next year must have it in operation for the entire student body. Simmons noted that JoEtta Penn, coordinator of the Gifted and Talented Program for Howe, is attending the full meeting while he attended Monday's meeting which applied to superintendents.

Simmons also noted that the Howe High School Band has once again won a First Division at District Contest and will be competing at Regional on Oct. 28. He stated that the volleyball team is currently second in district and the football team is at the top of the district.

Council Agenda

The Howe City Council will meet Thursday, Oct. 19, 7 p.m. at City Hall. Items on the agenda: minutes, financial statement, public hearing (planning grant application & consider resolution for planning grant application), departmental report (police, municipal court, city administrator), second reading Ordinance 412 and

Ordinance 413, report on request to change name of Farmington Rd., well #2 improvements (acknowledge completion of project and acceptance of work), public hearing (amend 1988-89 budget), resolution to join other cities (ref: TU Electric), consider fire department budget request, mayor report/communication.

Still Time To Order Howeopoly Game

The Howe Lions Club has ordered the "Howeopoly" games and they will be back two to three weeks before Christmas. The games are similar to Monopoly with Howe area names and businesses on the various squares. These games will make an unusual Christmas gift or a keepsake for your family.

If you would still like to order one at the pre-publication price of \$12, you may do so until Nov. 1, 1989.

After Nov. 1, the price of the game will be \$15 each. Games may be purchased from any member of the Lions Club or call Andy Kizer at 532-5277 or 532-6441.

Bulldogs Defeat Celina, 28-12

The Bulldog defense also shined in the victory holding Celina to 84 yards on the ground and 107 through the air. Celina managed only 11 yards rushing during the second half. Troxell led the hard hitting Bulldog defense with 14 tackles. Covington had 13, Daniel Williams had 9, Blair Nelson and Kevin Gray had 7 each. Aaron Byrd had 3 quarterback sacks and Skipworth had two pass interceptions.

The game started with the Bulldogs penning the Bobcats deep for their first position. The Howe defense scored first as it forced a safety on the fourth down with just two minutes ticked off the clock.

On their first possession of the ball, the Bulldogs took control midfield as Jerry Covington returned the punt to the Howe 48. Clint Bray advanced the ball for two first downs setting up at the Celina 16. Jay Skipworth connected with Steven Hawthorne for a first down at the 3 and on the next play Bray crossed the line to a TD. Hawthorne's PAT kick was wide. With 8:10 left in the first quarter, the Dogs held an 8-0 lead.

Celina returned the favor advancing 70 yards downfield in 9 plays to score a TD with 4:04 left in the period. A try for two points failed, putting the Dogs ahead 8-6.

The Bulldogs managed a first down before Celina intercepted

a Skipworth pass at their own 45. The Howe defense sacked the quarterback for a 4-yard loss and then held their ground to the fourth down. A face mask penalty against the Bobcats put Howe on the Celina 44. Then Hawthorne caught a pass for a first down at the 28. However, play was pushed back to the 40 and the Dogs punted the ball.

Celina managed to advance the ball to the Dogs 28-yard line, but the Howe defense threw the Bobcats for losses on their next three plays and Celina had to punt from the 42.

Howe took control at their own 12. Bray broke lose for two long runs for first downs, one at the Howe 36 and one at the Celina 47. Howe lost a yard and a half on the next carry and then a pass fell incomplete. Skipworth connected with Hawthorne for a fourth and 4. The drive seemed to have stalled but the Dogs faked a punt and Covington ran for a first down to the 1-yard line. On the next play Bray scored. A try for 2 points failed and Howe had a 14-6 lead with 2:35 left in the half.

Neither Celina nor Howe were able to get a drive going in the remaining minutes and the Bulldogs carried an 8-point lead to the locker room at halftime.

Howe took the third quarter opening kickoff and advanced the ball on carries by Bray and a pass completed from Skipworth to Hawthorne, but the drive was stalled by the Celina defense at the Bobcat 13.

The Bobcats controlled the ball for four plays advancing only 6 yards and had to punt. The Dogs took over at their own 30. Skipworth completed a 12-yard pass to Matt Cavender, then Bray carried for a first down to the Bobcat 44. Covington caught a pass for another first down and two plays later, Skipworth found Covington in the end zone for a 34-yard TD pass. Hawthorne booted an extra point to give the Dogs a 21-6 lead with 3:50 left in the third quarter.

The stubborn Bulldog defense held Celina for four plays and took control again at their own 38. Hawthorne caught a 12-yard pass for a first down at the 50. Cavender caught another pass, this one for 12 yards and a first down. On the next play

Bray broke a trap play and sprinted the final 38 yards into the end zone. Hawthorne kicked the PAT for a 28-6 lead for the Dogs with 1:10 left in the third quarter.

Celina and Howe each controlled the ball for four plays. Just into the final quarter, Celina managed a first down, but their drive was stopped by the Howe defense. A clipping penalty on the Bulldogs at the beginning of their next possession set them up at their own 31 and they were unable to advance the ball.

With 8:16 left in the game, Celina took control at their own 29 and advanced a series of pass plays completing four first downs in the process and going into the end zone with 5:02 left on the clock. A try for two points failed, making the score 28-12.

A few minutes later Celina threatened again when they completed a long pass from their own 33 into Howe territory, but the play was called back on a penalty and the drive was stalled when Skipworth intercepted a pass midfield. The Bobcats also intercepted a pass, but managed only one first down as the Howe defense dug in and held. The final 1:43 on the clock ran out with the Dogs in control.

The Howe Bulldogs will play Pottsville at home Friday, Oct. 20, at 7:30 p.m. The Cardinals defeated the S&S Rams, 25-14, last Friday night.

CLINT BRAY, #44, rushed 172 yards and scored three touchdowns in Howe's 28-12 victory over Celina Friday, Oct. 13.

JV's Roll Over Celina, 12-7

The Howe JV continued their quest for an undefeated season by beating the Celina JV, 12-7 in Celina Thursday night, Oct. 12.

Celina fumbled the opening kickoff and Howe recovered. The Bulldog JV quickly took advantage and James Fulenchek scored on a 2-yard run to make it 6-0. The PAT failed and Howe held a 6-0 lead.

Neither team had a scoring opportunity as the defenses of both groups began to dominate the play. The half ended with Howe ahead 6-0.

Midway through the third quarter a series of penalties gave Celina the ball on the Howe 15-yard line. The Bobcat JV then scored on a pass and made good the conversion to take a 7-6 lead.

Howe finally gained possession of the ball with 1:53 to play on the Celina 42-yard line. A pass to Fulenchek from Scott Grogan was good to the Celina 20 and a first down. As the Bulldog JV tried to pass on the next three plays, Grogan

was dropped for losses. Howe used their last time out with 46 seconds on the clock and was faced with a 4 and 19 from the Celina 38. The JV drew up a special play and Grogan connected with Jay Fred Carson on a 38-yard touchdown pass with 34 seconds to play. Michael Bailey intercepted a last ditch Celina pass to preserve the victory.

District 11AA

District 11 AA opened play on Friday, Oct. 13. Howe beat Celina, 28-12. Van Alstyne beat Tom Bean, 55-26. Pottsville beat S&S, 25-14.
