# The Howe Enterprise

THE HOWE ENTERPRISE, THURSDAY, NOVEMBER 18, 1971, VOL. VIII—No. 18

If you have 20-20 vision, a bright TV set, and were fast enough on the gaze, you could have seen Howe's Drill team, majorettes, etc., on television last Saturday.

The group performed at the monies. Our 16-year old, while but 1700 other drill team members from towns throughout the state, in a program show of the SMU-Arkansas football game.

If you did see Howe's representatives, you do have 20-20 vision.

The group did stay for the game, although they evidently didn't watch anything but the pre-game and half time ceremonies. Our 16-year old, while reading the Sunday morning newspaper, exclaimed: "You mean Arkansas beat SMU?"

★ ★  
Pop Sloan of Alvord, who established the Howe Enterprise in 1963, was in town Monday. Pop says he has received again, after establishing a newspaper at Grafado a few years ago.

That's the trouble with this business; you can't retire for long.

★ ★  
'It's so tremendous that the human mind cannot comprehend it,' notes Elks Magazine.

That was how Senator Allen J. Ellender of Louisiana, the chairman of the Senate Appropriations Committee, used to describe the national debt of nearly \$400 billion.

Now, added by some figures worked out on a computer by his staff, Ellender discloses that it would take the Bureau of Printing and Engraving about 171 years to print 400 billion in \$1 bills while the 100 members of the Senate, working an 8-hour day for 260 days of the year, would require about 267 years to count them. But fast to end, Ellender adds, they would make a path 160 bills wide to the moon."

Now that's some statistics I never had thought of.

★ ★  
Some \$30 billion will be spent this year, at all levels of government, on poverty programs. And yet, it is questionable whether any of those programs have removed a single person from poverty. It might be intriguing for senators to contemplate that, if we eliminated all these programs, an d bureaucrats, and divided the \$31 billion among the people who are under the poverty line, every family of four would receive a total of \$4,180, almost \$100 over the poverty line. We would eliminate poverty completely in America. It is incumbent upon us to be much more critical of the actual performance of many of the programs we have.

## Seven seniors to compete in final high school game at Collinsville

Howe Bulldogs had to come from behind last week to top the S&S for their second district win in three starts. The team will meet Collinsville this week at Collinsville to put the cap on the 1971 season. Collins, with three district wins, will play the Prospector Eagles.

Seven seniors on the Bulldog football team will play their final high school game Friday night at Collinsville. Seniors are Lenny Gray, Steve Underwood, Larry Baker, Kenneth Schneider, Willie Sma, Robert Trotter and Donald Pearce.

Howe dumped SES, 27-32, while Celina hit Collinsville, 67-4.

Howe scored first in the first period when Freshman half-back Jackie Monk hit for four and 10 yards on successive

runs for the TD, with Steve Underwood tacking on the extra point.

S&S recovered the first of four Howe fumbles early in the second quarter and drove 51 yards for their first score. Moments later, the Rams grabbed another miscue at the Howe 28 and moved in on six plays for a 1-27 lead. Howe regained the lead in the third period when halfback Robert Trotter broke through the Ram defense for an 83-yard TD run, with Underwood again adding the conversion.

Trotter repeated the performance early in the fourth period, galloping 77 yards for a 20-12 lead.

Steve Allison added the final Howe score on a layard effort over the right side.

The Bulldogs will take a 5-4 season record into the Friday night contest.

## NO FAST INCREASE IN CAR INSURANCE

AUSTIN — Car insurance rates in Texas won't increase at least "for a while," despite the end of the wage-price freeze, State Insurance Board chairman Ned Price said Friday.

Price said the board would suspend action on auto rates until it received "something definite" concerning Phase II of President Nixon's anti-inflation program.

The board's staff recommended a 23 per cent average statewide increase in private passenger car insurance rates. But new rates scheduled for Sept. 1 were blocked by President Nixon's announcement of the wage-price freeze Aug. 15.

The freeze ends at 12:01 a. m. Sunday, but controls remain.

## EDITORIAL

By Pam Sallis  
I think many parents of our drill team were very disappointed Saturday. They were all so excited that their daughters were going to perform in the Cotton Bowl on TV that they could hardly stand the suspense till 12:30. Then when 12:30 finally rolled around, All they got to see was a couple of sports announcers standing right in the middle of over a 1000 girls. Then thinking the announcers were going to move they were surprised to see a commercial run right in the middle of the performance.

Oh, well, at least they can always say my daughter performed in the Cotton Bowl.
